VERSATILE

Built to suit the lateral connection you need - EZ Tees can be supplied for a watertight connection on any mainline pipe material used in today's piping systems.

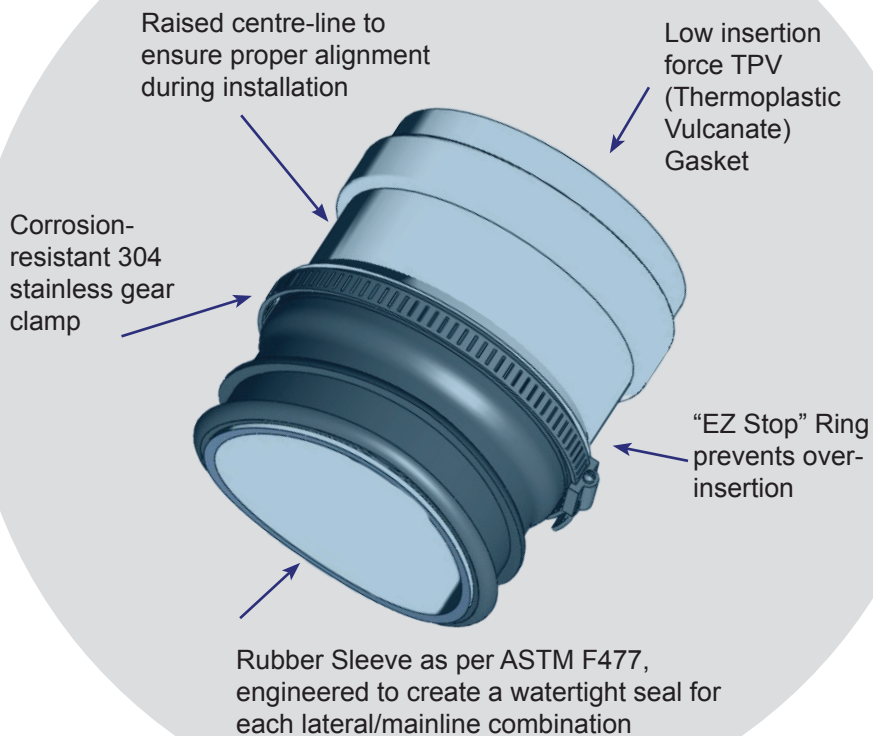

TOUGH

Designed to outlast the pipes they will service - EZ Tees are manufactured with industry leading materials for resiliency to all elements found in sewer and drainage systems

SIMPLE

Consisting of only 3 components, the EZ Tee is always a straightforward installation. Just core, insert and tighten to seal - it's that EZ!

EZ Tees are Injection Moulded in 4" & 6" sizes, fabricated in larger sizes.
